

buried in the Island of Iona. That was before Iona became so famous as a missionary base. St Columba, who settled in Iona 326 years after MacCorraig was buried there, commenced his preaching of the Christian faith, in which, as you know, he was very successful, much more so than I am in the typing of this screed. I haven't seen your Daddy this week yet, but he is doing fine. I suppose he told you that we were at a Civic Reception, recently. I am still wondering why I was invited, but if they got the wrong man, they're sorry now, for, I ate an awful lot! Grandma and Granddad, are now snoring peacefully behind me, and I mustn't let them have all the sleep to themselves. Americans are grand people, Fiona, I know them, but don't forget that you are a Scot, and, Highland at that!

When I get the address from Buchleuch St.; I'll post this on to you.
Your affectionate boy-friend, Uncle Dugald.
